CHINA MARKET POTENTIAL REPORT

Ninajirachi

How China is already listening

Streaming, short-video and long-video data from NetEase Cloud Music, Douyin and Bilibili.

DATA RECORDED OCTOBER 2026

01 · NETEASE CLOUD MUSIC

Top Tracks on NetEase Cloud Music

A save (收藏) means a listener added the track to their own library. Two tracks — Pathetic and Pure Luck — have passed 100,000 saves, and nine tracks have passed 10,000. For an electronic music producer, that is an exceptionally strong result in China.

ASSESSMENT

Proven organic demand

Ninajirachi already has a measurable audience on China's main streaming, short-video and long-video platforms, built through fans and music media.

Fans are asking for live dates

Comments and posts repeatedly ask when she will perform in mainland China.

Official accounts unlock the next stage

Opening official Douyin, Bilibili and NetEase Cloud Music accounts would capture this traffic in one place and give Chinese promoters clear evidence of her draw, opening the way to a first China tour.

Outlook: **strong potential for a China tour**

Thank You

Ninajirachi × China

Ready for a first China tour.
