RECOMMENDED NEXT STEPS

1. **Open official accounts**
   Douyin, Bilibili and a verified NetEase Cloud Music artist page, so existing traffic lands on Ninajirachi's own channels.

2. **Feed them local content**
   Chinese-subtitled live clips, studio snippets and a short hello to Chinese fans.

3. **Show promoters the numbers**
   Share this data and follower growth with Chinese festivals and club promoters.

4. **Turn demand into dates**
   Convert promoter interest into a first China club tour or festival booking.
